

ABILITY + DEPENDABILITY

ABILITY IS IMPORTANT DEPENDABILITY IS CRITICAL

PROJECT SPOTLIGHT

2nd Quarter 2017

Lynhurst Beam Setting

Congratulations to the HIS crew at the Lynhurst INDOT project in Marion County on a flawless beam setting. HIS initially demolished the bridge deck to replace the beams. Using an 80-ton crawler crane, the HIS crew successfully set seven, 60 ft. beams in a shift. Due to the tight quarters of the work area, the beams required the crane to pick-up behind the bridge and fully swing around for setting.

Lawrence North High School

HIS Constructors, Inc. (HIS) was subcontracted to perform the site utilities installation and site grading for the football stadium expansion at Lawrence North High School in Indianapolis, IN. This project involved the installation of sanitary sewer lines ranging in size from 2" to 6". In addition, HIS installed storm sewer ranging in size from 12" to 30", and installed multiple waterlines.

Whether at a high school, college or university, HIS has completed multiple projects at educational institutions and understands the unique public safety requirements that are required.

HIS GIVES BACK

In honor of Memorial Day, we hosted our first employee clothing drive. We are so impressed with the outcome! Our employees are so incredibly generous; together we collected 100+ bags/boxes of gently used clothes that will be provided to those in need. All clothes collected were donated to The Salvation Army Indiana Division!

Also, if you ever have a large amount of clothing you want to donate to The Salvation Army, they have a free pickup service. Just visit <https://satruck.org/> to schedule a pickup day and time like we did!

SAVE THE DATE

Hard Hats *with* Heart

Thursday, November 2, 2017
Dallara IndyCar Factory

SAVE THE DATE for **Hard Hats with Heart** at the Dallara IndyCar Factory. This networking event—centered around the construction industry—will feature food stations, breweries, race simulators, CPR demos, a silent auction and more! Learn how the American Heart Association is making an impact on the health of our community. Plus, with over 250 guests, you'll meet decision-makers from more than 100 companies representing the construction, pharmaceutical, healthcare, higher education and other industries.
